The Polish Traditional Karate Union (PUKT) would like to invite you to the **Open Traditional Karate-Do World Cup**, which will be held on **27th-29th May 2022 in Wrocław, Poland**.

The event is addressed mainly to traditional karate clubs from around the world. Despite the difficult pandemic situation, we have undertaken the effort to organize this event, bearing in mind, above all, to support the development of traditional karate worldwide. Competitors need sports competition, so we would like to give them such an opportunity and mobilize them to compete after a two-year break in international competition.

This is the reason why we organize in Wrocław competition which is open for everyone. We would like participants to have an opportunity not only to compete internationally, but also to make friends with people from all over the world. We truly believe that international competitions contribute to the many benefits, not only great sport emotions but also good training and inspiration for further development.

We would also like to invite you all to the **Master Course 2022 - an international traditional karate-do seminar** which will take place in the **European Budo Centre - Dojo Stara Wieś (Poland), on 29th-31st May 2022**.
